EMPLOYMENT

Olympiads School

Teaching Assistant

North York, ON

June 2023 – present

Olympiads school is an enriched primary and secondary education provider, focusing on the regular curriculum and the highest end of academic competitions across all disciplines.

- Assisted course instructors in delivery of content and grading of assessments.
- Communicated with administrative staff on general course matters.
- Individually helped students to grasp confusing concepts.
- Participated courses include senior mathematics, physics, and competitive mathematics.

VOLUNTEER

Markville Secondary School Computer Science Education Club

Executive Member

Markham, ON

May 2022 – Jun 2023

- Educated 20+ fellow high-school students on computer science concepts, such as graph theory.
- Organized club-wide events along with 5 other executive members, such as a mock programming contest aimed to mimic and prepare members for the Canadian Computing Competition.

Markville Secondary School Young Activists Club

Club & Event Organizer

Markham, ON

June 2021 – July 2022

- Organized and led advocacy events to raise awareness of and contribute to local, national, and international social issues.
- Motivated 15+ fellow students during bi-weekly meetings to contribute to club initiatives and further the positive impacts on the school community.

AWARDS

Canadian Mathematical Olympiads Official Participant

Canadian Mathematical Society

April 2023

- <80 students in Canada invited to participate officially.

Governor General's Academic Medal

The Governor General of Canada
